What ocean lies between North America and Europe? North Atlantic Ocean Points: +5, -10	What ocean lies between South America and Africa? South Atlantic Ocean Points: +5, -10	What ocean is north of Greenland? Arctic Ocean Points: +10, -5	What narrow ocean passage goes between Asia and North America? Bering Strait Points: +15, -5	What continent sits between the Indian Ocean and the South Pacific Ocean? Australia Points: +10, -5
If Greenland is an island, not a continent, how many continents are on this map? 7 (don't count Asia twice!) Points: +15, -10	Since the sun rises in the east, does dawn come first to North America or South America? South America Points: +10, -10	Which is farther south, the Mediterranean Sea or the Gulf of Mexico? Gulf of Mexico Points: +15, -5	If you set sail from the west coast of South America, which current would head you toward Australia? Peru Current Points: +15, -10	On what continent is McMurdo Station? Antarctica Points: +10, -5
Near what continent is the Great Barrier Reef? Australia Points: +15, -5	Which current brings warm water from the Gulf of Mexico north along the east coast of North America? Gulf Stream Current Points: +15, -5	What current flows all around Antarctica? Antarctic Circumpolar Current Points: +5, -10	Where is the deepest part of all the oceans? Marianas Trench Points: +15, -5	What current south of the equator flows east to west all around the world, even though it is interrupted at times by land? South Equatorial Current Points: +10, -5
Which birds are the best swimmers? Penguins Points: +10, -5	Cool water trapped inside a strong, circular current of warmer water is called what? Ocean eddy (or just eddy) Points: +15, -5	What is the name of the cold sea north of the North Pacific Ocean? Bering Sea Points: +5, -10	What is the continent with the shortest name? Asia Points: +5, -10	If you were going with the flow right along the equator, which direction would you be going most of the time? East Points: +10, -5
If you set sail from the west coast of the U. S. (south of the FINISH point), which direction would be easiest and fastest to travel? S (or SW) Points: +15, -10	This is a very calm area in the North Atlantic Ocean. Sargasso Sea Points: +15, -5	If your ship hits one of these frozen floating islands, you could be in big trouble. What is it? Iceberg Points: +10, -5	Which continent surrounds Hudson Bay? North America Points: +5, -10	Which continent lies between the South Atlantic Ocean and the Indian Ocean? Africa Points: +5, -10

Which continent is closest to McMurdo Station?

Australia
Points: +5, -5

What are the pieces of land called that are too small to be called continents?

Islands
Points: +10, -10

What current will take you in circles around the Gulf of Alaska?

Alaska Current
Points: +5, -10

Which is the largest continent? Beware, this flat map of the spherical Earth greatly stretches things at the top and bottom.

Asia
Points: +15, -5

Is there more dry land north of the equator or south of the equator?

North (more than 2/3)
Points: +15, -10
